

Rabsy Medina

Rabsy,

Even though I usually don't see you except on the bus, you've been fun to be around.

Keep smiling and take care over the summer (Make sure to stay away from Ricky and Benton. Tickle-ha-ha)

Hi Rabsy,
Have a HOT Summer

"O" Jeanyne Baker

Dear Rabsy Hi

First I would like to say hello, hello
Thanks for being a good friend
And making me feel I had a place at O.A.
All the best with the future and plans, I
appreciate your assistance and company for many
ways, in class, and I just want to say thank-you
for being nice, happy from a friend to a nice friend

Thanks for Reading

Love you friend from Harold F.

Rabsy,

(Pam)

You have been a really good friend for a lot of years now, I hope you have a really great summer and good luck in being secretary. I hope you come here next year, I'll try to spend some more time with you since this year I really haven't. You're a really sweet person with a real nice personality stay that way never change.

Rabsy,
(Rabsy can come)
Just kidding it's been a blast having you in my classes, especially biology. It's also been fun thinking of nicknames for you. I hope you realize that we don't call you Rabsy can come because you're fat (ha-ha) I hope you forgive us. Have a super summer. See you next year as a junior!

Love,
Gilbert "G"

Dear Rabsy,
 Sorry for writing dear. I promise I won't do it next year ok?
 Well anyway its been so ^{so} nice having you as a friend, and
 I'm also glad we finally started going to the same school. CA is
 as nice as you told me. I really had a great year. I'm
 really glad I didn't end up going to San Pascual.
 Anyway, we've had some good times together. Just remind
 me not to be inside the same car you're driving. I'm
 just kidding. You drive pretty good. But you sure
 scared the hell out of Monica though! And maybe
 we can get together again and do our "feet show"
 again.

Well Rabsy, I just want you to know that you
 are the best and nicest friend I've ever had. I'm
 really glad I met you. Sorry this is so messy.
 I want you to stop losing weight this summer
 so when you go to the beach you won't look like
 bones alright? Have yourself a terrific summer, and
 don't do stuff that you'll regret (just kidding)
 Take care of yourself! Don't be a stranger during the
 summer either.

Love always,
 Martha

 you can stop making

Dear Ralsey,

Well hi there! Before I write anything I want to tell you that I'm behind you all the way in your quest to becoming Ralsey Medina A.S.B. Secretary! Yeah!!! Go Medina!!! Hot legs honey!!! Wouldn't it be great if you, Cindy + Jeff all got into the A.S.B. The juniors (which is what we will be next year) will dominate everything! Will take over the school! But, on the other hand, just supposing, totally hypothetically, if you don't make it (which is highly doubtful) you won't need to worry about getting a big head and forgetting all your low class friends (not to mention any names). And also, all that worrying you'll be doing next semester won't be there and you can just be your normal ^(just a tad) careful, joyful, crazy, weird!?!? self.

I just paused momentarily to reflect on this past year. Do you know how much we've been through? Well honey, it's been a lot! We sure do get along pretty good. I'm glad we had a lot of classes to- sometimes see some- other cause about working away trying to make the grades to inspire me to. Hope next ^{year} will be even better and I have faith it will, hopefully. Not having Miss Parker + so many heart-breakers will be a noticeable improvement!

We'll do lots ~~of~~ lots of fun things this summer + this time ^{so much fun} I really mean it! You're fun to be around and all those other things we always write to each other in our annuals. I mean it + I know you know! P.4

GOLDEN HORIZON

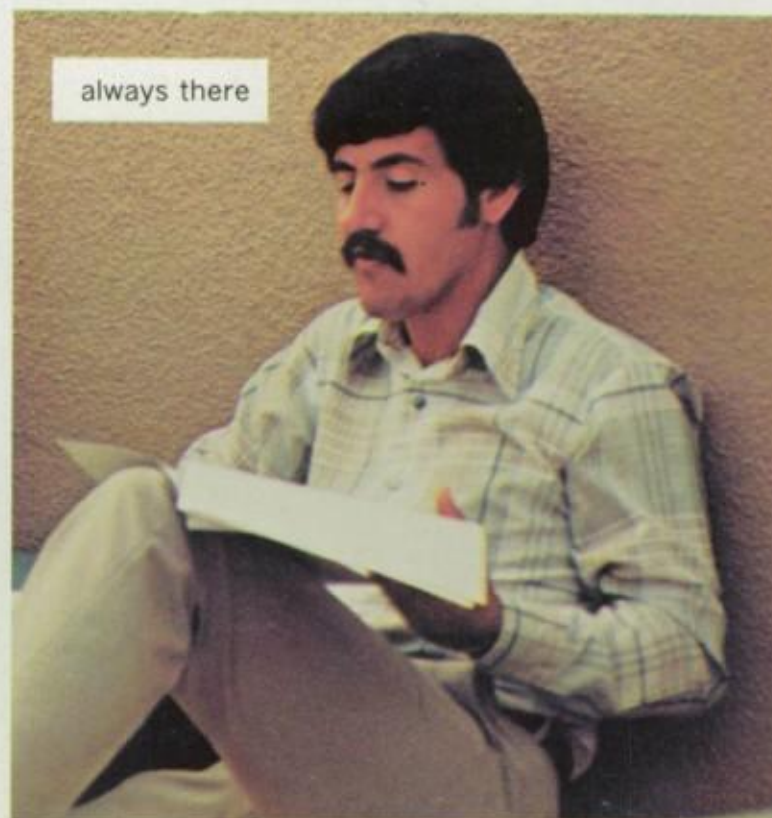

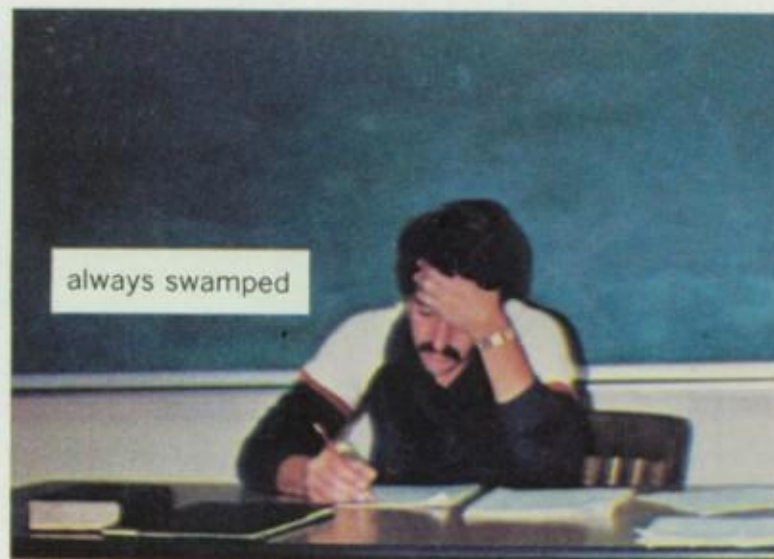

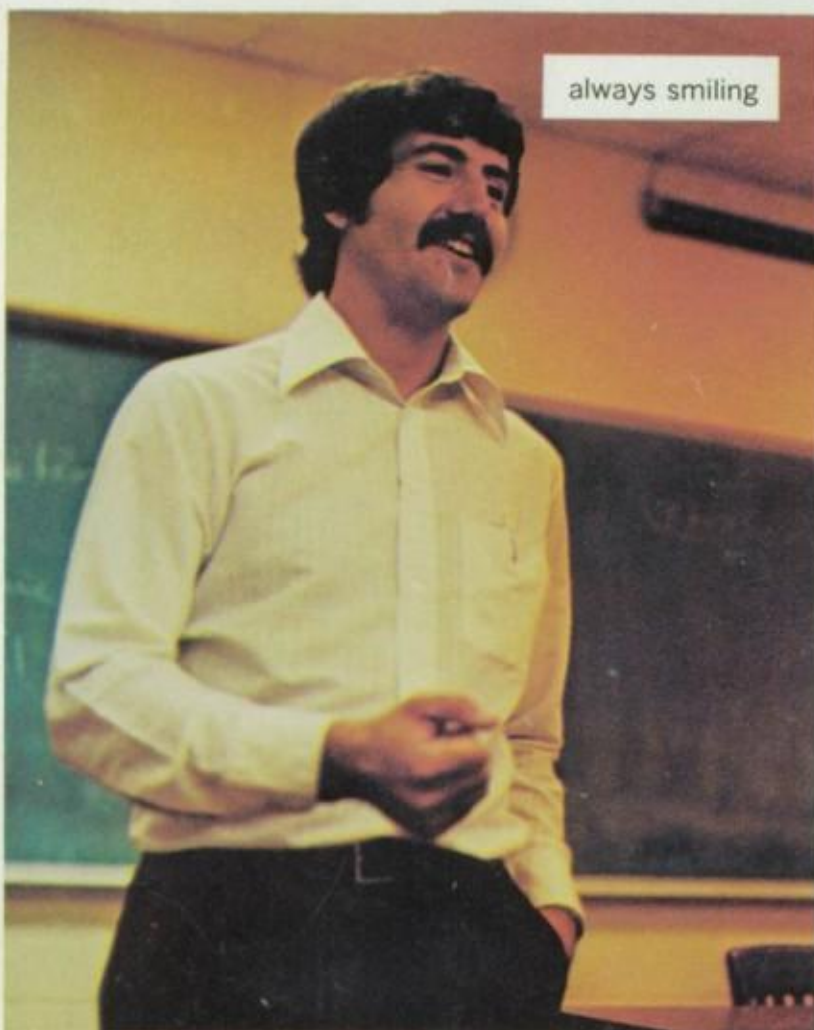

annual publication of

Orangewood Academy

DEDICATED TO YOU

BECAUSE YOU ARE ...

Daniel B. Eppler IV

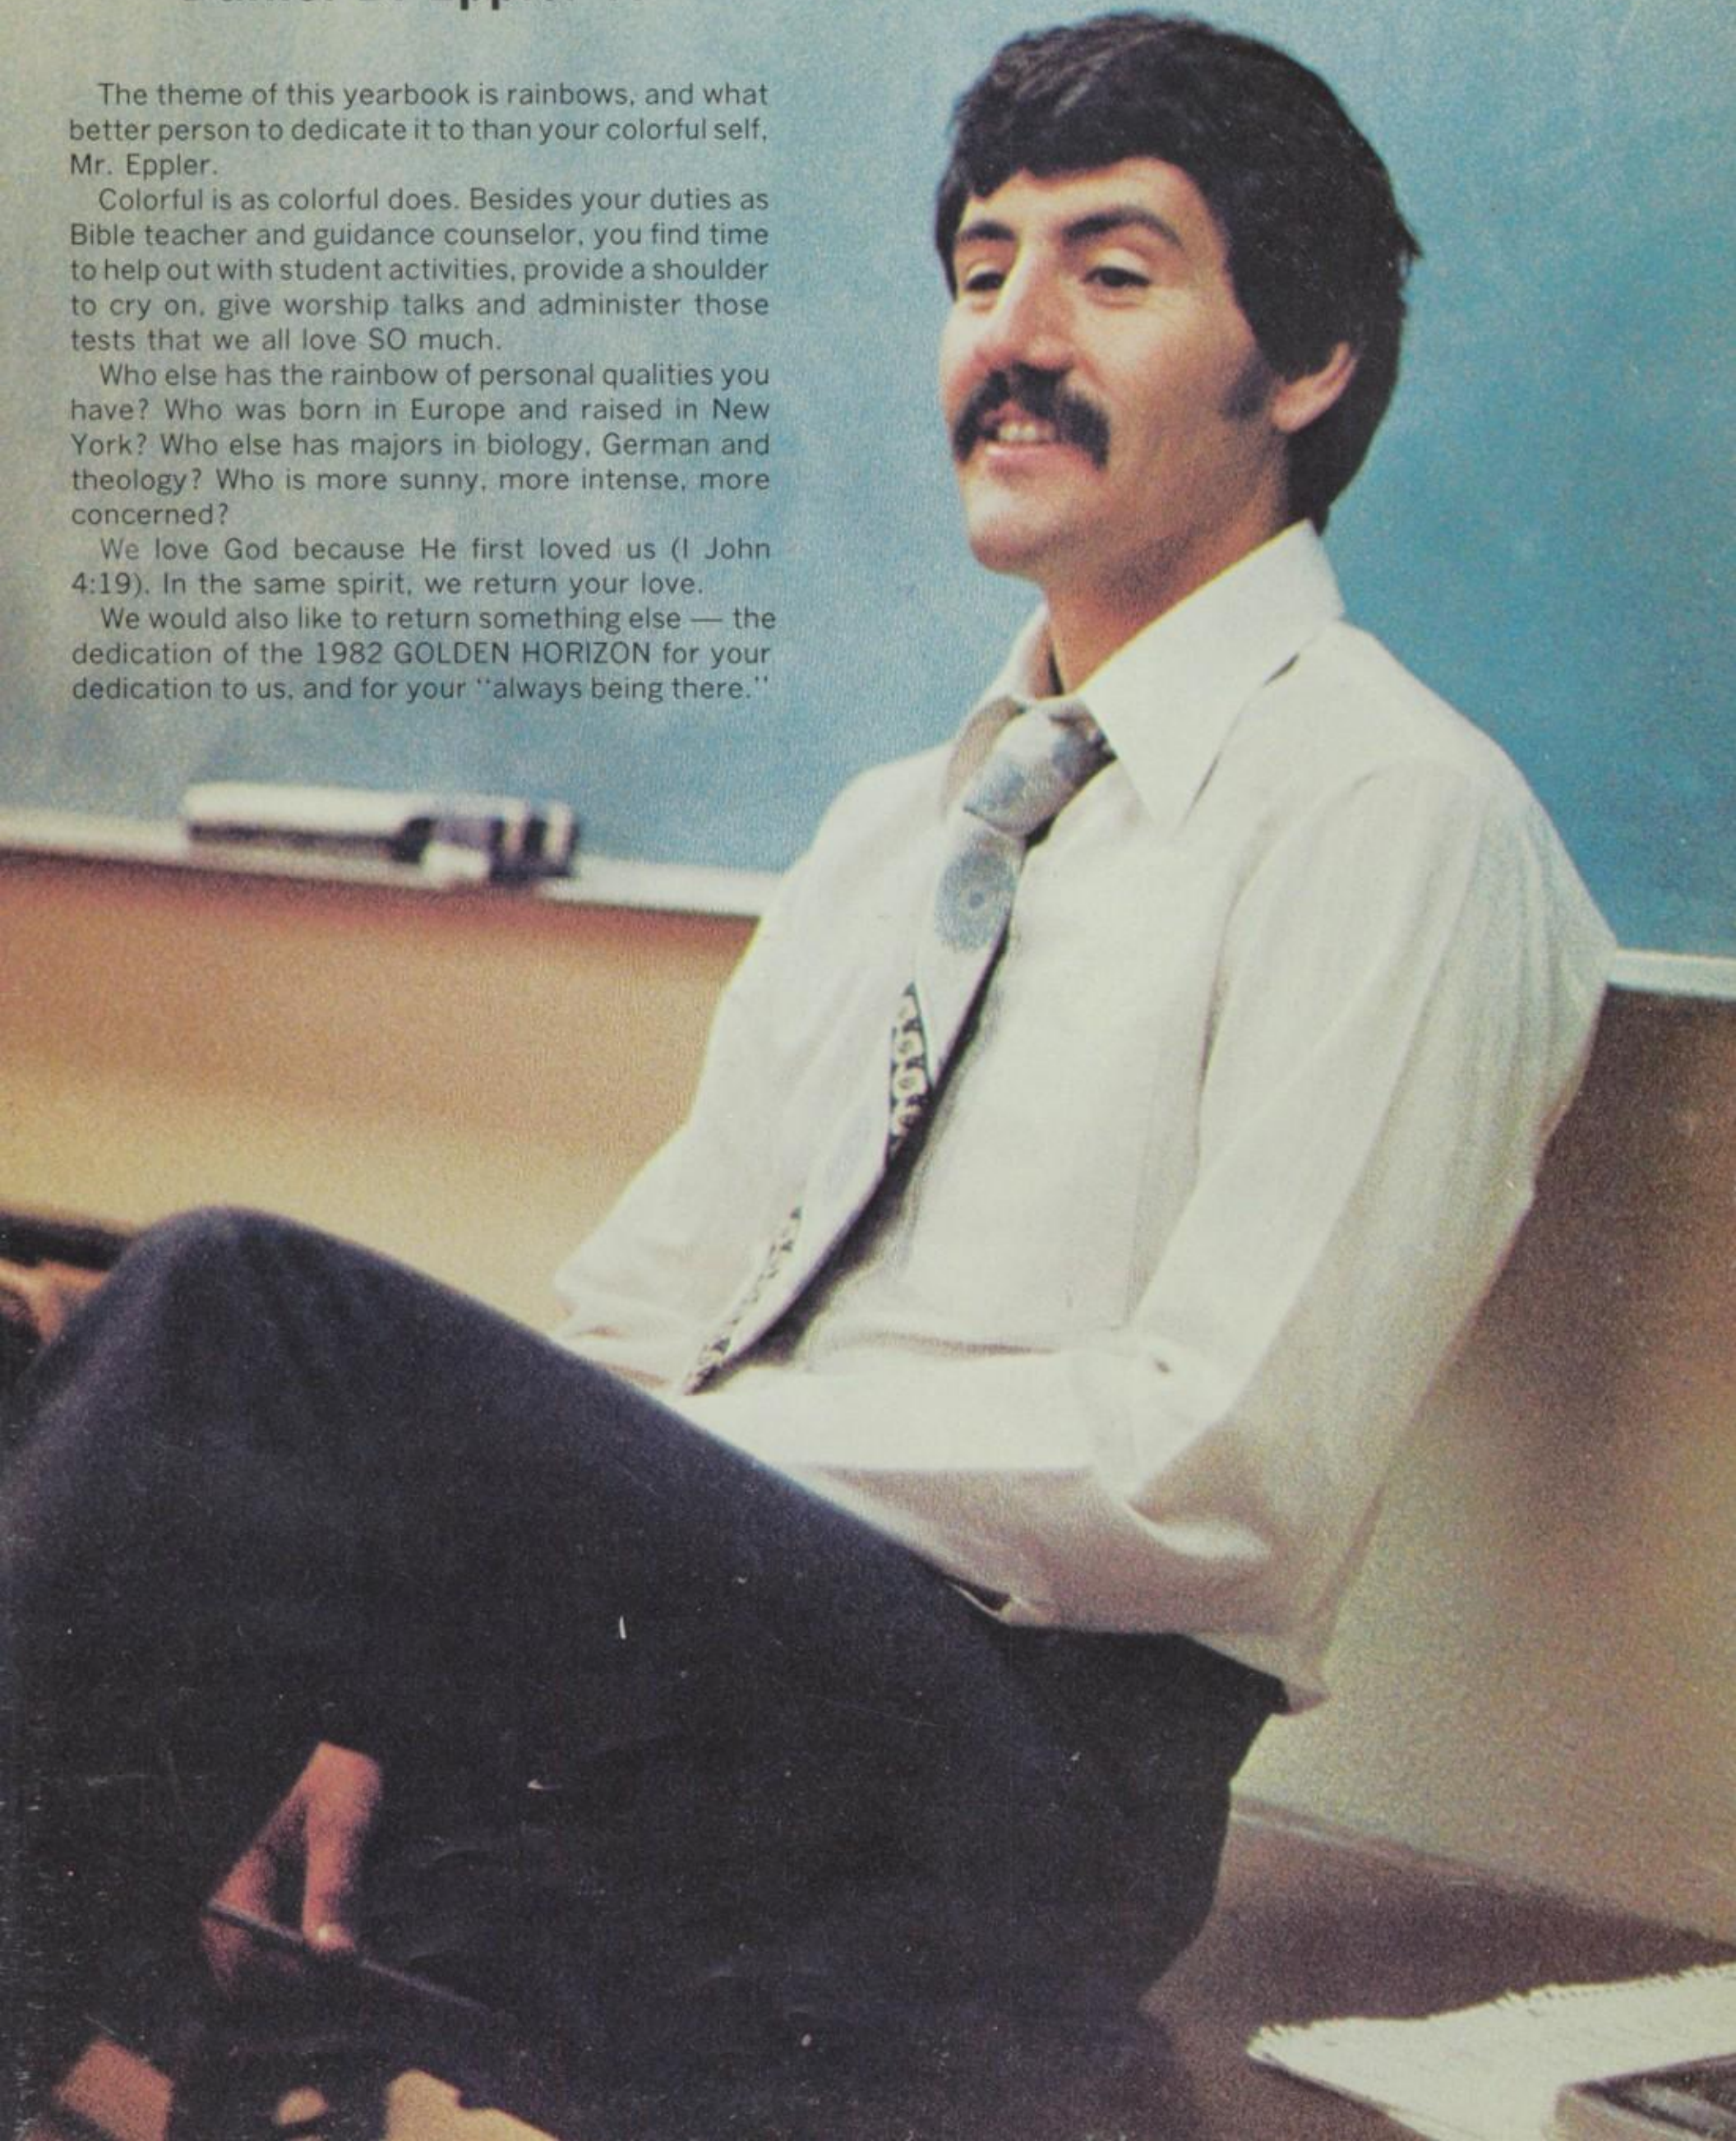

The theme of this yearbook is rainbows, and what better person to dedicate it to than your colorful self, Mr. Eppler.

Colorful is as colorful does. Besides your duties as Bible teacher and guidance counselor, you find time to help out with student activities, provide a shoulder to cry on, give worship talks and administer those tests that we all love SO much.

Who else has the rainbow of personal qualities you have? Who was born in Europe and raised in New York? Who else has majors in biology, German and theology? Who is more sunny, more intense, more concerned?

We love God because He first loved us (I John 4:19). In the same spirit, we return your love.

We would also like to return something else — the dedication of the 1982 GOLDEN HORIZON for your dedication to us, and for your "always being there."

I guess that just goes to show you how good of friends we are!

You're a beautiful person + very pretty (my dad always says he thinks you're very nice looking). Please try to see your good points because you have a lot. I

Get Acquainted Party

1

"Howdoyoudohellohiglادتomeetcha..."
Two hundred Orangewood students were welcoming two hundred Orangewood students to Orangewood for the 1981-82 school year.

It was the grand slam handshake at the ASB Get Acquainted Party, Friday afternoon September 11.

Tony Kilby won the get-acquainted ice breaker, filling his "find-someone-who" paper with more than 20 signatures.

Renee Droll, Karen Schmidt and Allison Ray livened the party with name tags that gave more than just names (and sometimes less-than-accurate names). When the last roller skates were swung over shoulders and the gym was emptied, EVERYONE had met SOMEONE new.

2

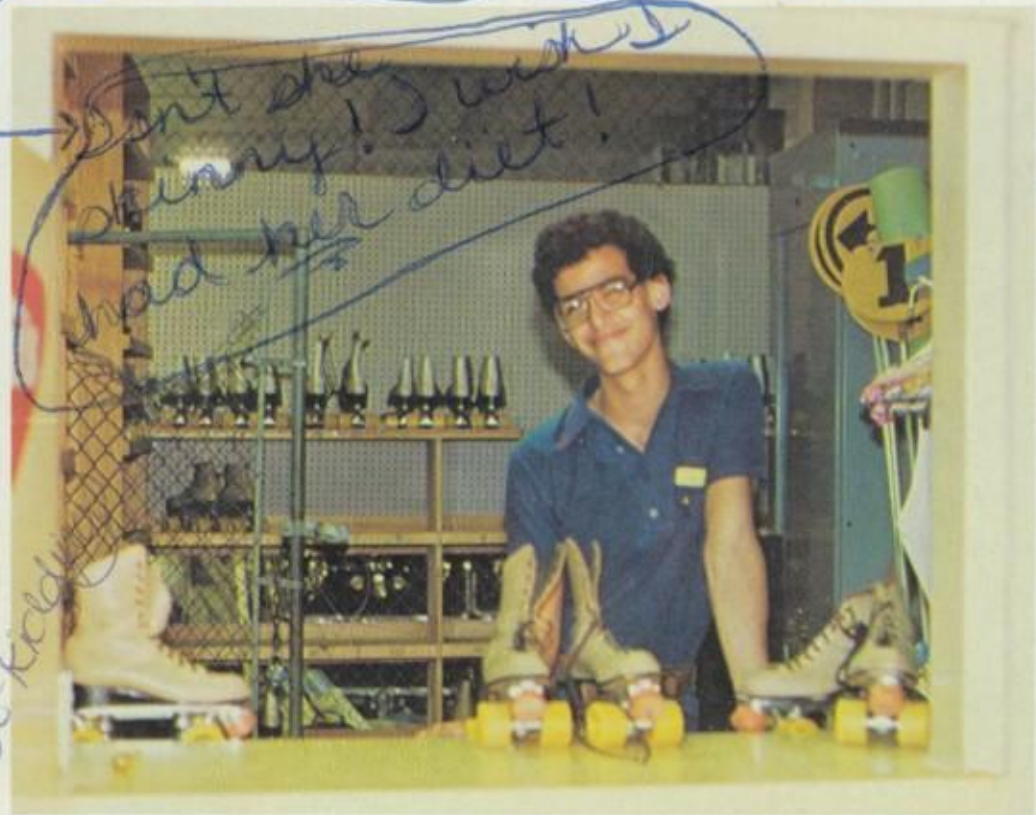

I guess friends can ³see them better, but it's important for you to recognize them too! Kelsey, I'm serious! You have the gift of beauty inside + outside. I think ~~it~~ ^{everybody} everyone knows it except you! O.k., well just have to slap it into you. No, really I'm trying to be truly serious! Give ⁴

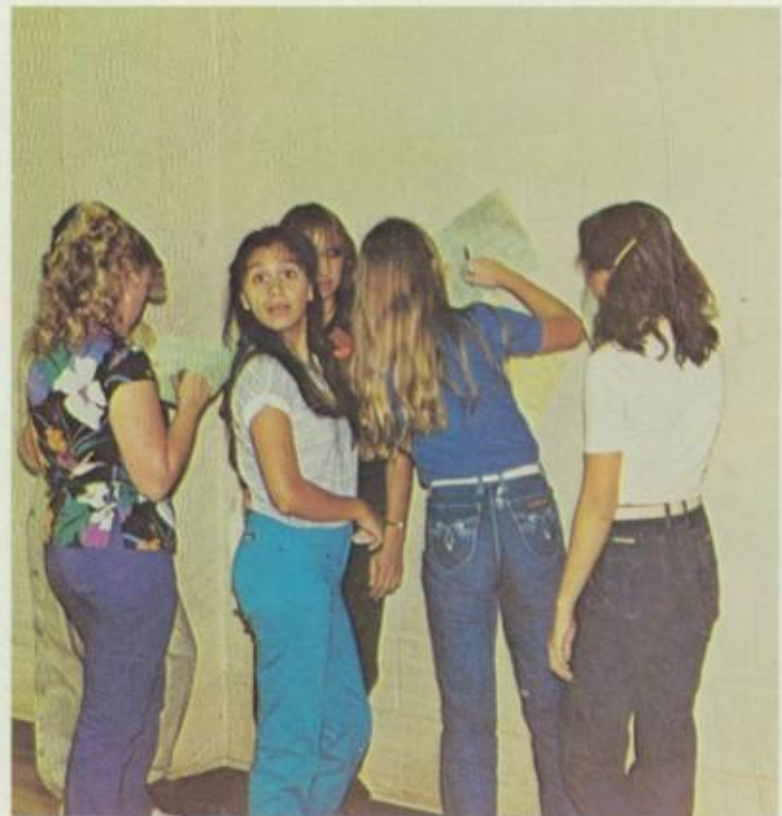

yourself a break & say "Rahsy, you have pretty, big
 brain eyes and a remarkable 12" waist and stunning
 dark tresses of thick silky hair (on your head)!"
 Be a good girl & eat your regies!!!

The class yells that resounded on Orangewood's campus from September 15-18 are only echoes in memory now. But every noon during that Spirit Week, they were used to cheer on the heroes and heroines of each class as they strained every nerve and muscle to do their best for their classmates. From Paul Kim in the "dingbat relay" to Todd Merizan in the six-legged race, each worked to make Spirit Week a success, to inspire his classmates with a spirit of high performance during 1982.

As the waves beat upon the shore, Orangewood staked its claim to an empty stretch of beach and began the day's activities with a tug-of-war series. The most exciting — and exhaustive — was the match between seniors and juniors, which the juniors (led by Rob Sackley and Mr. Behr) won after 3½ minutes of grueling and dueling.

Onlooking beach-goers watched the seniors take first place in the sand castle contest, followed by the juniors, sophomores and freshmen.

A massive water fight erupted as soon as the judges' decisions were in. Not even Mr. Muder-spach was safe from a salty shower as vigilant Spartan eyes spotted anyone with a dry thread of clothing. Other casualties were Mrs. Berthelsen, Mr. Hyde and Mr. Eppler.

But the excitement wasn't over even when tired students and faculty crammed into the waiting buses. The bus carrying the Freshman Class lost its brakes en route back to school. God was working to protect students and staff, as quick action by Mrs. Olson saved the day and probably some lives. Freshmen student Candi

8 Nash reported that the marooned students awaiting another bus took the delay well. "But," she said, "it wasn't the best way to end a great Sandcastle Day."

Agape Feast

NEVER HEAR ANY EVIL

3

"This is the way early Christians began the Sabbath," Mr. Eppler told the 82 students and faculty assembled for the Agape (love) Feast Friday evening, September 18, "sharing a simple meal in communion with each other."

Candles, low tables, quiet atmosphere — all played a part in helping the group enjoy the satisfying lentil soup (prepared by Mrs. Saaty), pita bread, dried dates and fresh fruit. ASB officers in traditional Middle East costumes hosted the evening.

The simple meal was concluded by a simple but rich melody sung a cappella by Mrs. Baily.

A lifesaving station evolves into a yachting club more concerned with preserving its new carpets than with saving lives. Could something similar happen to a church? Sabbath morning, September 19, students and faculty answered this question during Sabbath School. Pastor Scott Wyman of the Santa Ana Broadway Church challenged the group to be more interested in people than in things. The special Sabbath program concluded Spirit Week.

Black and White Party

1

What if the world had been created in black and white rather than in color? The senior Black and White Skating Party illustrated that, at least, things wouldn't be boring. Students found creative ways to come in black and white only, powdering hair, etc., if needed for the right color effect. The seniors were the first to plan their ASB — sponsored class party. All of the class parties were intended to be open parties with invitations given through constituent churches to all youth, whether OA students or not.

Over 150 OA students and friends joined in the evening, enjoying the cake and punch and the special marches called by Mr. Krell. A Grand March skate ended the evening.

JUNIORS

Dear Baby,
This year has really gone by fast
and I am so glad. Next year you'll
finally be a upperclassman. Let me tell
you it's a relief! But what's even better
is being a senior like I will be!! I hope
you'll have a great summer.
See you next year.

Junior Presentation

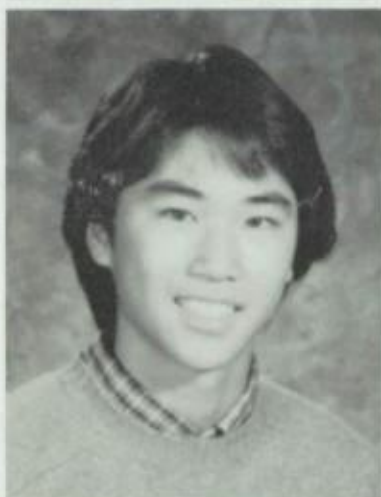

Attended by the seniors of 1981, the seniors of 1982 (this year's juniors) streamed into the auditorium in a haze of royal purple and grey — their class colors — on December 4, making their presentation the earliest in recent Orangewood history. The decor and organization of the program reflected the class aim (Building a Life for Eternity) and motto (Each New Day is an Opportunity to Start All Over Again). Mrs. Dottie Versteeg, the first woman ever to speak for an Orangewood Junior Presentation, shared thoughts on friendship and relationship with Jesus. Sandi Tichy sang the Junior Class Song, which she had composed.

All rainbows fade — some more quickly than others. But each rainbow leaves behind a memory of beauty simply for having touched our world. Lives are like that, too.

Sean was alive and part of us until his life was claimed by cystic fibrosis. From his experience and the courage with which he faced life, we learn

to face our lives. We learn that what seem like tragedies and disappointments to us are small in comparison; that we, too, can face life — and even death — calmly; that like the rainbow and like Sean, we can leave behind us a touch of beauty, a beatitude arching over others and reaching to eternity.

Principal's Message

Dear Students: This is a world of individuals ... who while uniquely different, are strangely the same. Happiness, confusion, hard work, and satisfaction are all a part of life at Orangewood Academy. Your experience here has given you a new perspective of what God expects of you as a Christian young person. Your horizons have been expanded as you have come into contact with Christian teachers and fellow students.

The freshmen whose problems are compounded by the nagging upper classmen, begin on the bottom of the ladder, but soon become clever at the tricks of the trade. These "scholars" create many ingenious devices to fit six to eight textbooks into a small locker. The freshmen add a bright new spark to the lasting flame of our school.

Many ideas and dreams become reality when students reach their sophomore year, bursting into the Orangewood world with their own characteristics and personalities. Look Out! Here come the sophomores. The parking lots around

school become full to overflowing as more students, eager for their driver's licenses, in this class reach the honorable age of sixteen. Activities involving everything from biology projects to senate duties and clubs become a daily routine for the live wired sophomore.

The third year in academy is a time of transition. The student is awakened to the responsibilities surrounding him. One becomes more aware of the serious part of life as he enters his junior year. Grades become more important and classes become more difficult. Juniors begin to find answers to the question, "What is the purpose of school?" One colorful highlight of the year is the Junior-Senior Banquet. Juniors learn to make decisions which in previous years were made for them. Members of this class become more independent, learning to think for themselves, to grow into their potential. The rainbow in the sky is almost within reach — the junior year is indeed a grand occasion.

Above and beyond the aches

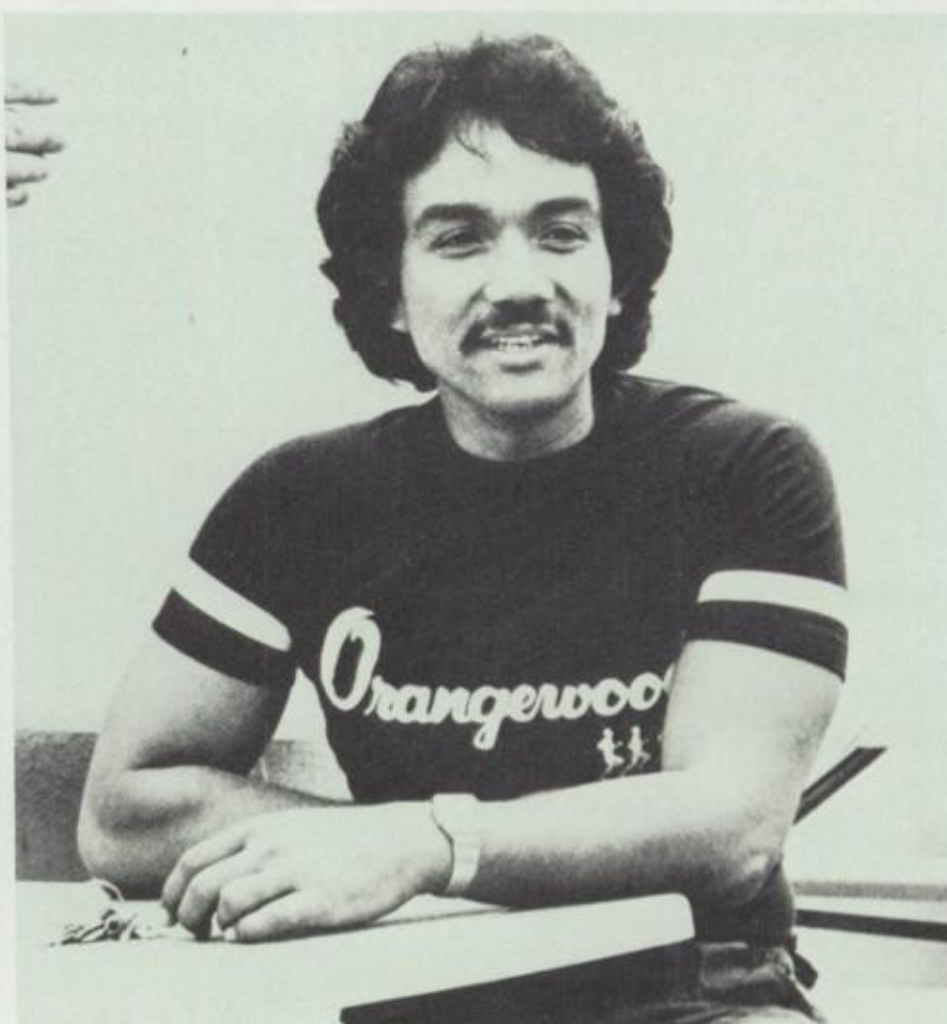

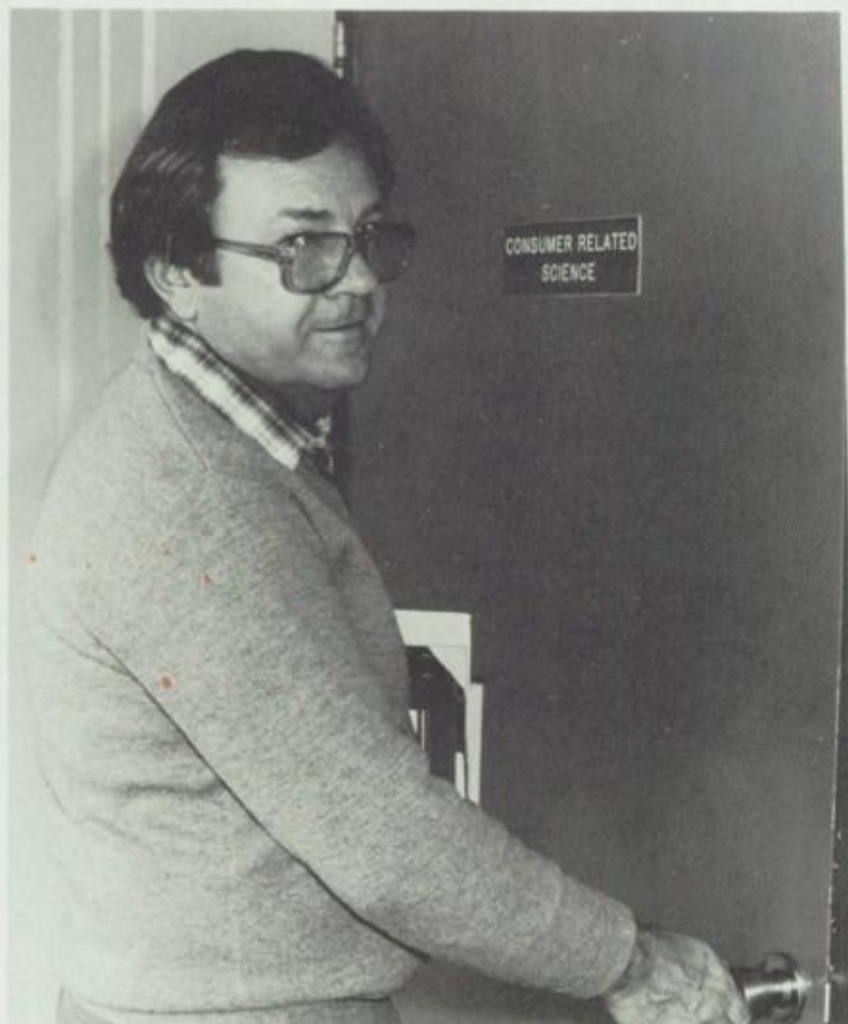

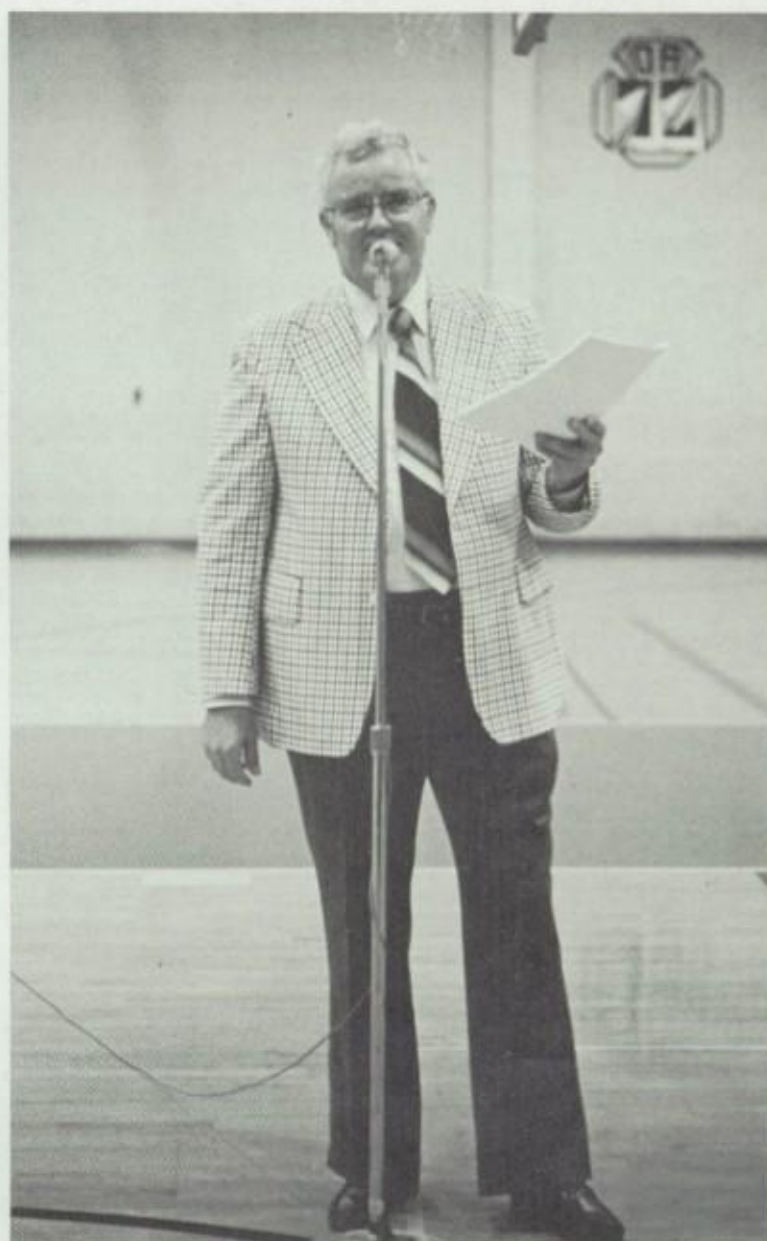

and pains of four years of hard study, the senior begins to turn from the weariness to the pride and joy of achievement. Future plans take up a great deal of time during the year. Vocational interests and plans for college become major topics of conversation. Planning for the future brings with it the realization that each person will soon go his way, leading to a permanent breaking apart of this unique group of people — the class of '82. More than any other group on campus, the seniors have learned to get work and study done with plenty of time left to enjoy life. The senior year is the time when each person steps out as an individual and takes one last deep breath of the sheer enjoyment of life before assuming the responsibilities of the adult world.

It all depends on you. It is you who determine how your life will be used. I pray that you will continue to prepare yourself to become a member of the Heavenly community. Your friend, A.H. Muderspach (Principal).

Keeping track of the activities of 200 students plus miscellaneous faculty turns out to be quite a job, as SENTINEL editor Dave Brillhart and his staff discovered this year. A very common sight around campus was a SENTINEL staff member, pad and pencil in hand, interviewing Orangewood's newsmakers. Working with their sponsor, Mrs. Lezlie Bailey, the SENTINEL team covered ASB functions, class happenings, school events and individual items of news worth. Deadlines sometimes left them a little short of breath and time, but everyone certainly enjoyed the results of their work when that special announcement would come, "Sentinels are here!"

To create a rainbow! Using ink and paper and pens, imagination, ideals and — most of all — memories, the staff this year set out to give Orangewood a book of remembrance. Before the dreams of summer could condense into these material pages, many long hours had to be given, involving lots of laughter (and sometimes tears!) Ideas were bounced around on paper and off staff members, some small percent of them surviving to become a part of this book. But no one can truly create a rainbow, and in the end, this one, too, is a product of the mixing of elements — the personalities and minds of the yearbook staff with the happenings and events of the year 1981-1982.

Concert Band

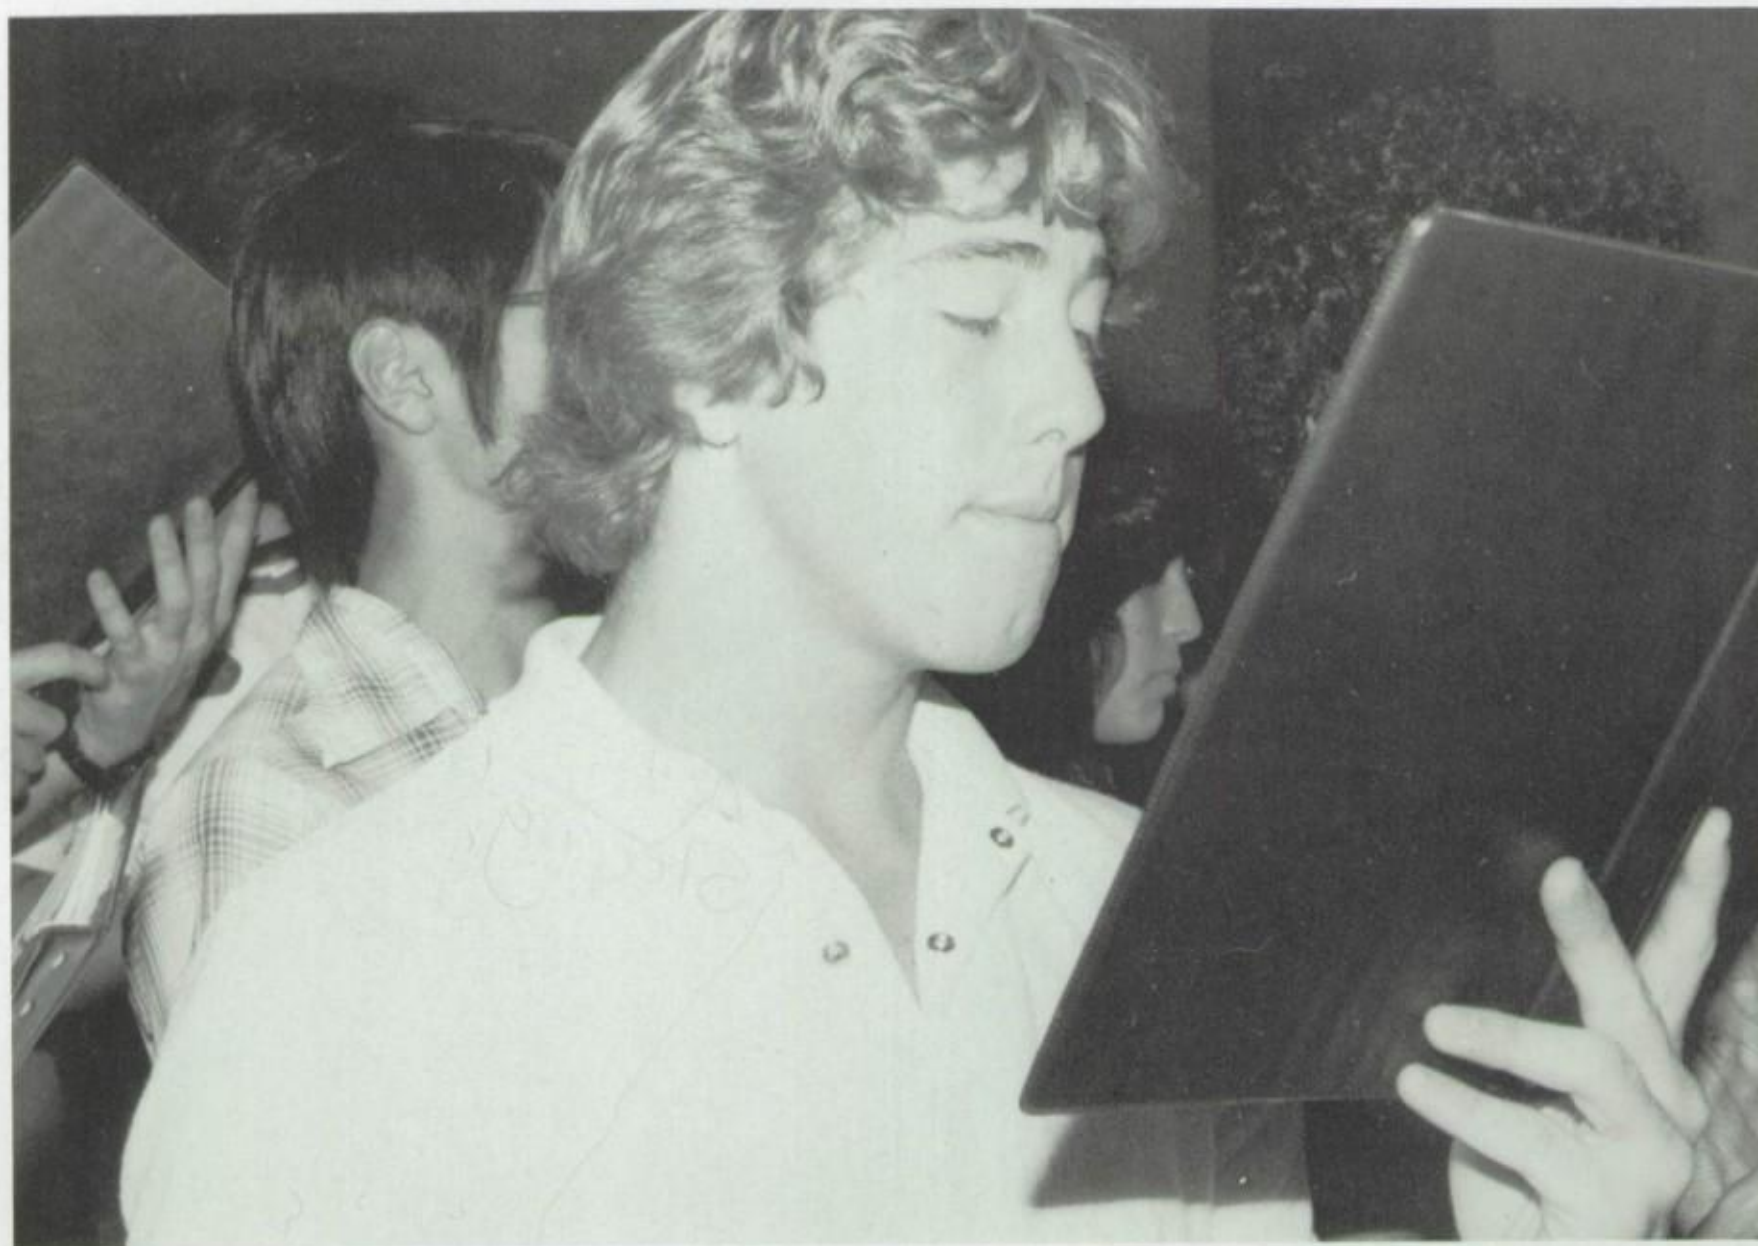

Stepping back into Orangewood's life after a few years' absence, the band this year took a new direction under the leadership of Miss Barbara Favorito. Students dusted off their instruments and formed the beginning of an Orangewood concert band, a joint organization of the academy and elementary school. Band numbers livened several programs this year, including the traditional Christmas concert. And the familiar and friendly "toot-toots" of the practice sessions were a welcome addition on campus.

Choir

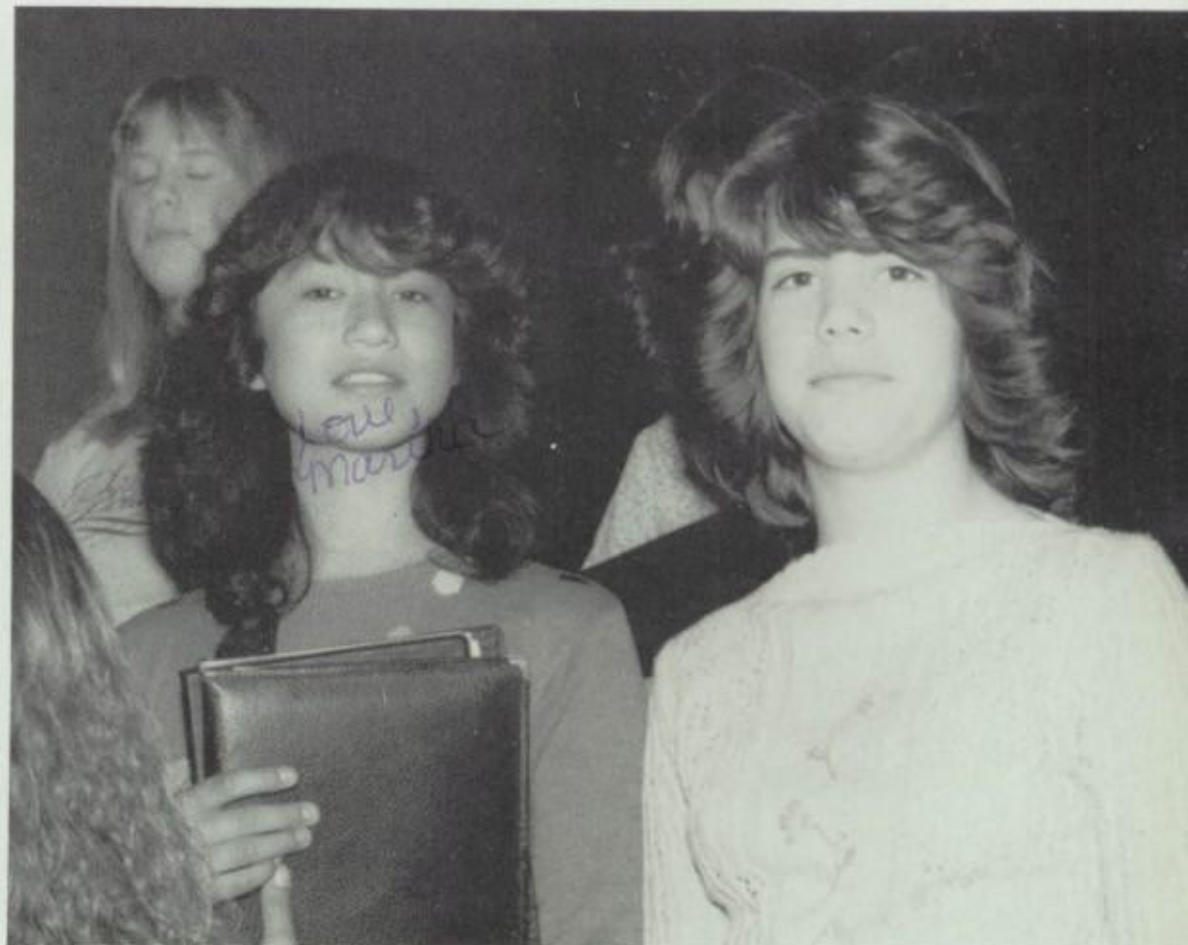

Y4K

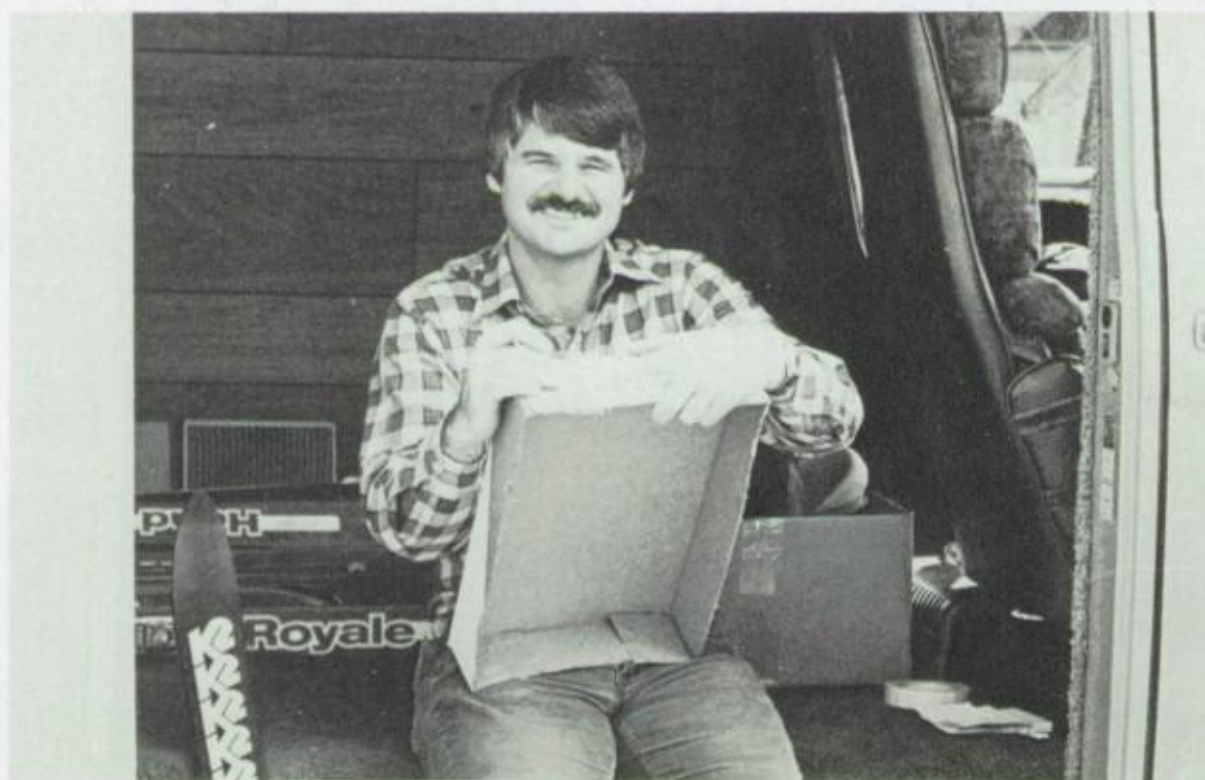

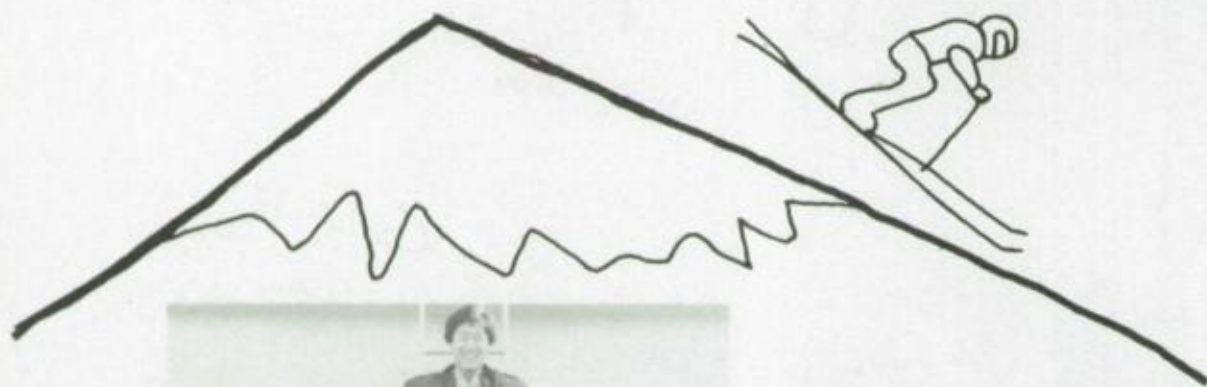

The sounds of singing — bass, tenor, alto, soprano. Harmony, unity. Voices blending — start together, stop together. Fortissimo, pianissimo. CRESCENDO! Diminuendo . . . Voices singing.

Under choir director Harlan Miller, students worked together to bring a fine finish to the music performed for vesper programs and concerts, learning and enjoying not only the music but the experience of producing something worthwhile as a group. A wide variety of musical selections brought interest to the practice and to the performance.

Ski Club

Orangewood's most popular pastime was the basis for one of Orangewood's most popular clubs. The Ski Club, led by Paul Kim, Don Hare, Mia Ho and Cyndy Reyes was so successful that the membership list was mistaken for the school roster.

One of the reasons for its popularity was the leadership of its officers and the sponsor, Damond Blankenship. Damond, an associate pastor at the Fullerton church, has had experience in teaching skiing. Beginner skiers were encouraged to join and many learned to ski.

Because of good leadership the club was successful, and this cold sport was taken in warmly by many spartans.

Spanish club

Although Orangewood's halls were quiet from the rivalries of the Krauts and the Tacos, the Spanish Club found a lot to do to make their year enjoyable.

The highlight of the year was their trip to Ensenada in April. Taking heed of the warning, "Don't drink the water," they packed their bags with Sparkletts, and to quote one Taco, "Had a blast!" Their trip was financed by spaghetti, churros and donut sales at lunch time.

Maybe Leanne Funada, the president, put it best when she said, "Although we were from different backgrounds, we found a special tie in the Spanish culture. I'll always remember the times we shared."

Basketball

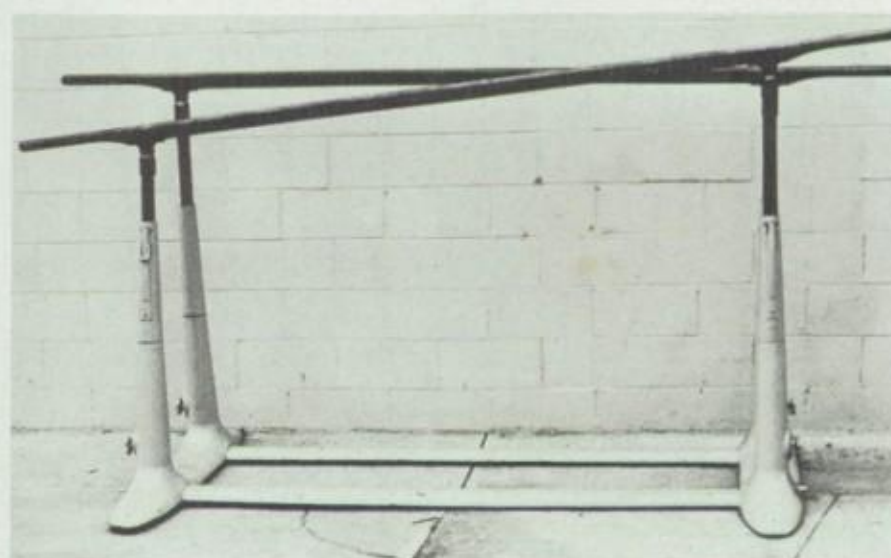

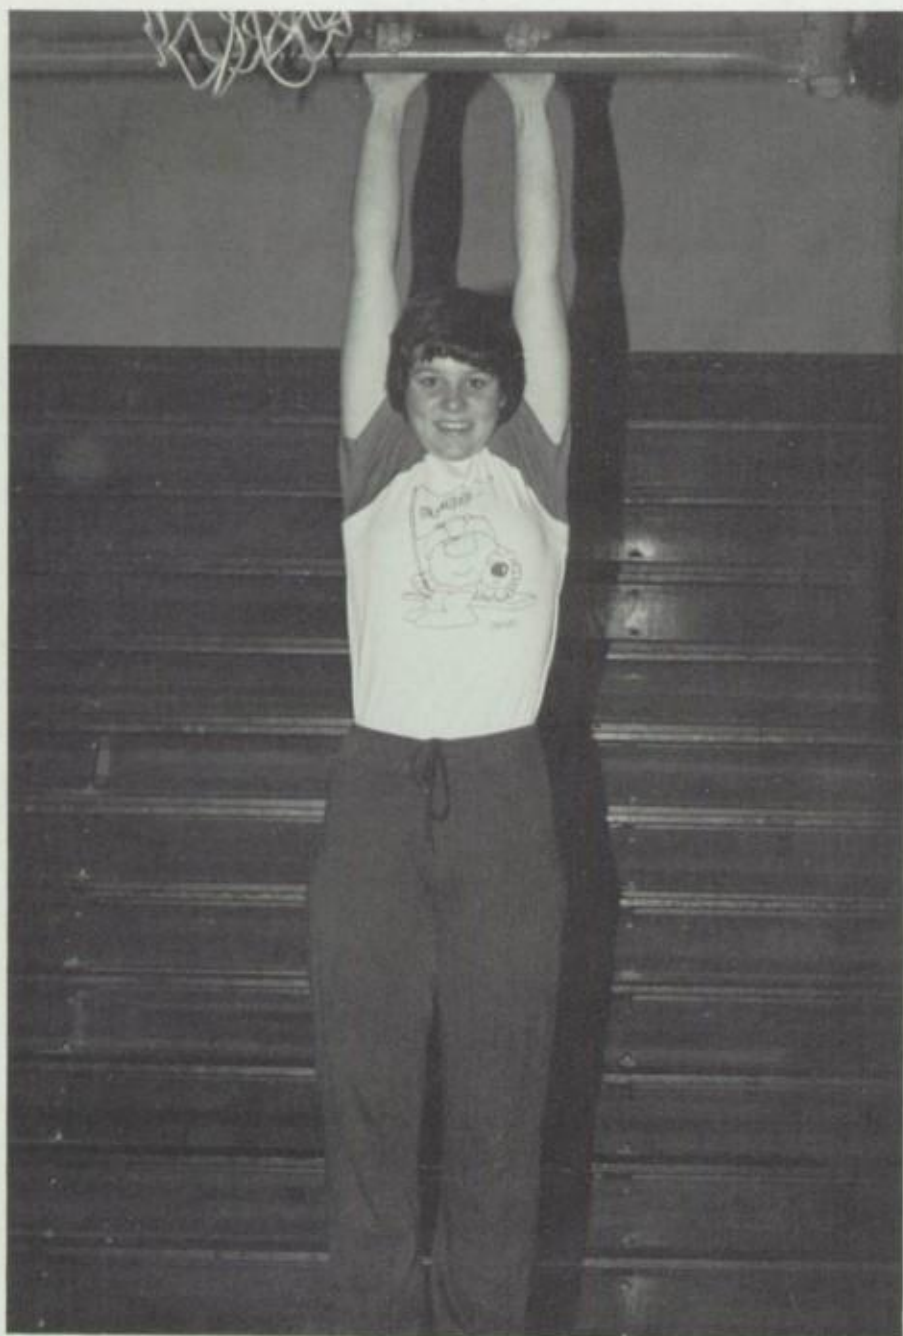

Basketball season began in January at Orangewood this year. Forty players (5 teams) dualed in the gym every Monday, Wednesday and Thursday afternoons till early April. One additional benefit to the players this year was the 25 points toward their letterman goal credited each varsity sports player under the newly reinstated letterman system. Referees for this season were Brian Bush, Osmar Ferrari, Jeannie Hahn and Brian Johnson.

Gymnastics

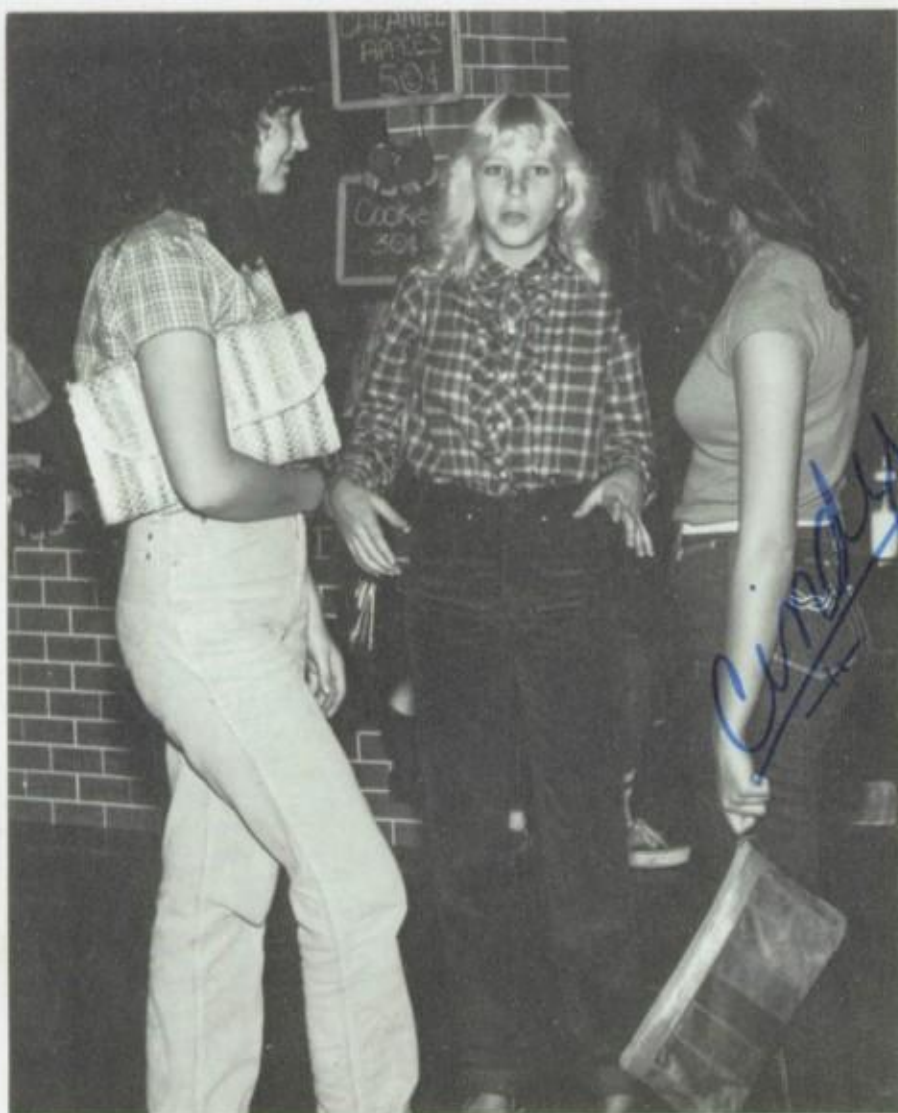

Putting together two very popular and enjoyable elements (music and exercise), the gymnastics program has sparked a great deal of enthusiasm this year. The main purpose of the gymnastics group according to P.E. instructor, Miss Sandy Adams, is to learn to work together as a team, spotting each other and developing team skills. The team demonstrated some gymnastics techniques at the school fair this year, and attended a gymnastics clinic at the La Sierra campus of Loma Linda University.

Rabsey
you really are a
fantastic athlete. I
hope you keep running!
I really enjoy having
you in class. See you

Country Western Fair

Strolling past brightly decorated food booths in the gym, students, staff and community members stopped frequently to visit with each other. The School Fair provides one of the few opportunities for everyone connected with the school to get together. Some fairgoers cheered their favorite football team on the athletic field, as the alumni team scored a victory over the all-stars. Others found unique items on sale and food to fit any appetite. The Moon Bounce also proved a big attraction. In the very middle of the gym the plant boutique nestled like a small garden. Students seemed to enjoy most just spending a leisurely day together.

Sadie Hawkins Party

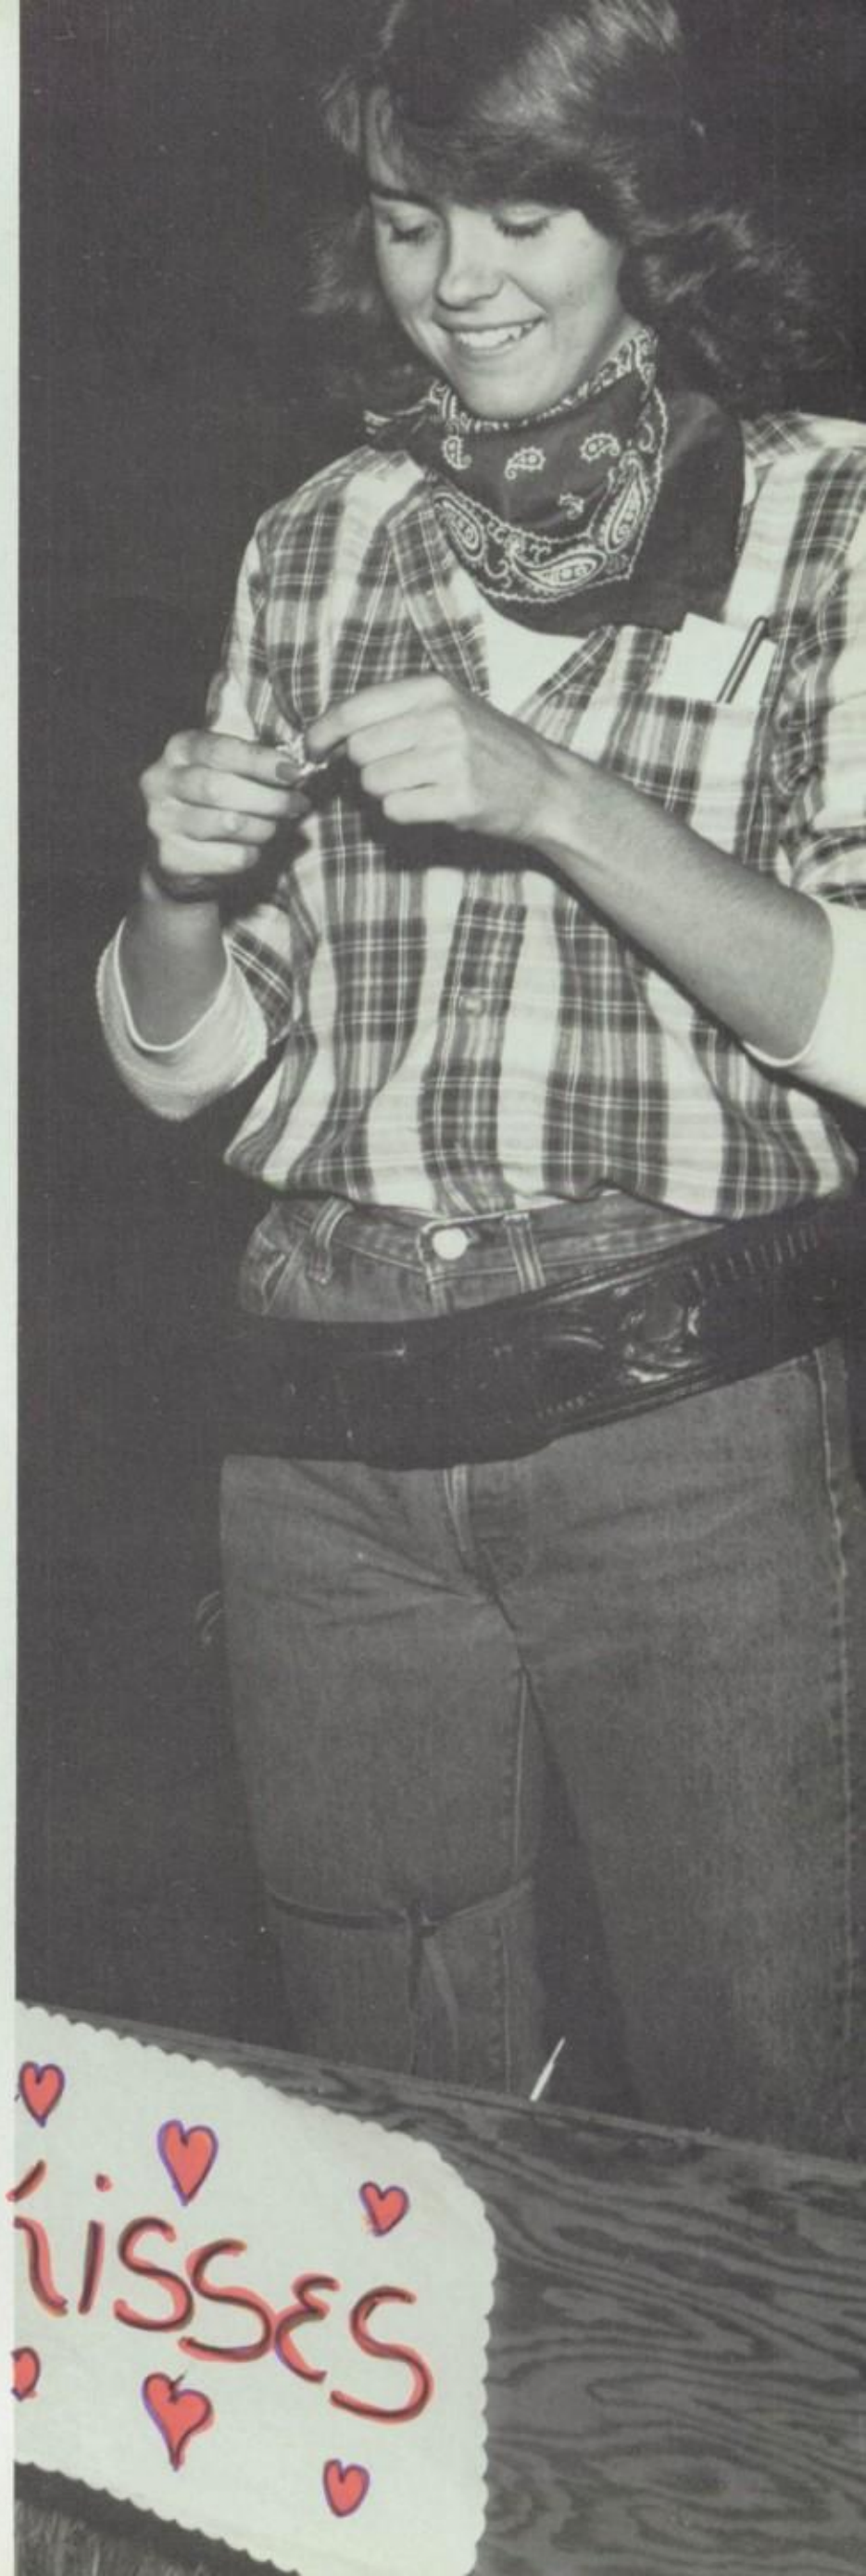

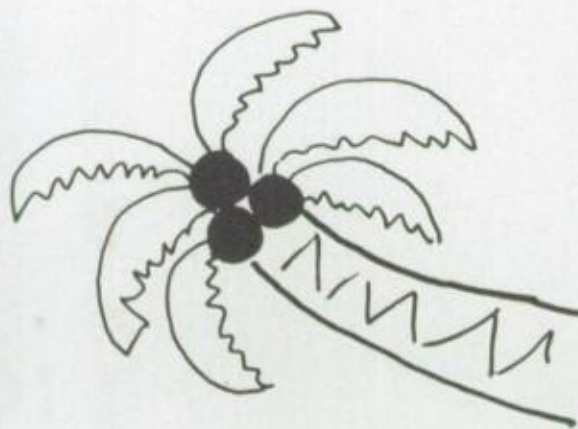

Our female population was the backbone of Orangewood's fall banquet, the Sadie Hawkins' Party. Besides being the askers, the girls also provided the food — picnic basket specials — for their dates. They also provided charm and interest for the entire evening.

For entertainment, several fair booths were set up. There was a booth where wet sponges were thrown at illustrious faculty members as well as a pie-eating booth and, the favorite, a kissing booth (featuring Hershey's chocolate kisses, foil wrapped). Christmas banquet tickets were given to Rob Sackley, Eileen Montero and Jo-el Reyes for best dressed cowboy, cowgirl and best picnic dinner.

As the party came to a close, Spartans found themselves with two things: enough hay from the hayride to fill a barn and enough experiences from the party to give them a lifetime of memories.

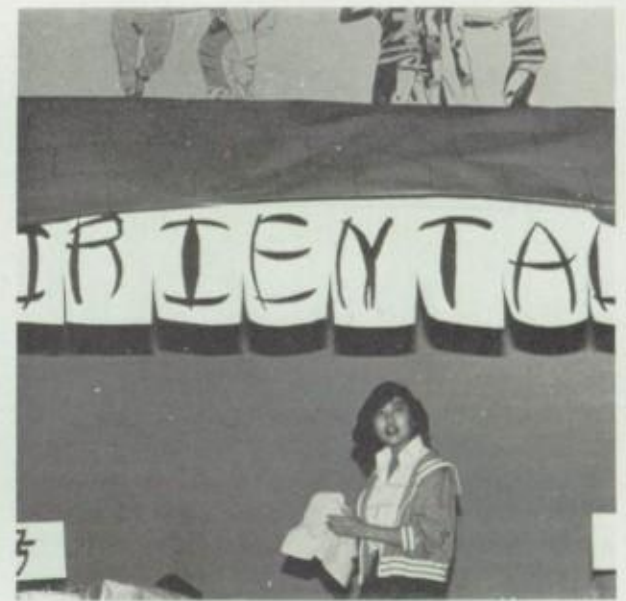

To the desert tents of the Sahara, to the grass shacks of native Hawaii, to the facade of an Italian Deli, came the honored guests waiting to be blessed with a little bit of culture and a lot of good food.

Riding on the crest of the wave of a good P.R. campaign, the All Nations Dinner proved to be an enormous success.

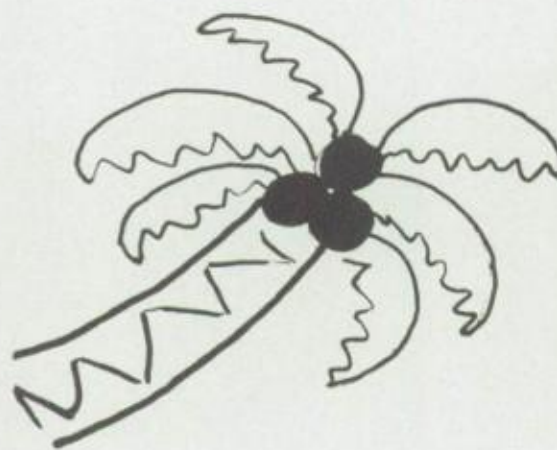

Memorable to all of us are the cre-

Prima's booth

ative announcements and elaborate posters that the seniors made, not to mention the food and the 12 decorative booths. But most memorable to the seniors are the memories that they will have of this function — memories such as the anxiety of preparing enough food, the fun of decorating the booths and the enjoyment of \$1100 worth of success that made their class trip inimitable.

Christmas Banquet

"Where? At the Warehouse!" Radios and televisions blared out the answer to all Spartans who asked the question, "Where is the Christmas Banquet going to be?"

After making their way to Newport Beach, the handsome Orangewood couples strolled through the shops of the quaint Victorian Village before entering the restaurant for dinner. Every silver lining has its cloud, however, and . . . well, to quote Carlos Bendrell, "Never order a vegetable plate at a place that doesn't specialize in vegetable plates!"

Karen Schmidt and her family graciously opened their home for an afterparty. Games were being played, presents were being opened and pictures were being taken when jolly ol' Santa Claus appeared. Spreading happiness and good cheer to everyone, he left amid a loud roar of thanks and the party soon came to an end.

GARFIELD'S TRIBUTE TO THE SECOND SEMESTER A.S.B. OFFICERS.

I went to the beach the other day and got very Sandi. The sand went down my clothes and made me Tichy. Fortunately, I had taken some Orrillo cookies and a tape with my two favorite songs, "My heart is on fia, for Elvia," and, "Angie Baby."

Dear Ruby,

(This is continued from page 154) I want to have the privilege of approving all men coming into your life. Since you're so picky about their looks, someone else has to watch out for their characters! Well, I hope you have a good summer and we will be together on the High Sierra's Backpacking Trip. Then next year we will work together again. You're a very special lady.

Rabsy, You have been such a wonderful friend this year. We have been friends before, but now you call me Meridore and we had fun "girl-talk" at the river which made us more human to each other and not so much like a teacher and a student. You have such a good attitude toward life, and I'm such a kid at heart that I tend to forget that I am 24 years old age? (This is getting hard to tell where the words are down one side. I am looking forward to the Dodge game because #1 We can talk in the car, #2 I like the Dodgers #3 I need to learn to drive to L.A. #4 The tickets are free! Be sure to remember all the crazy things we did at the river and the talks we had in my room about frogs and Joey Armenta and the pussy willow song! Don't forget painting backdrops and passing out sleigh bells, and all the times you got to lie in the corner in Mrs. Heinrich's room while I played "boom-chunk-chunk" "boom-chunk-chunk".

Dearest William,

We can hardly believe that our first-grader is already a senior in high school! It seems to us that not too long ago you were walking to school carrying your lunch pail and sometimes your little violin! Today you would probably prefer to take your skis to school, (if there was snow) right?

Well, things have changed a lot, but your life continues to be a blessing to us. In your quiet way you have shown us that Jesus lives in your heart and it is our desire that His love and care be upon you always.

As new horizons open to you, may your goals and dreams be fulfilled.

Congratulations, Son!

We are proud of you, Brother!

Lovingly,

Mom, Dad

Our dear daughter Eileen,

This year you graduate and start a new chapter in your life apart from your loved ones to forge a new path in your life in the way of college and a career. It still amazes us that such a little girl could blossom into such a tall and beautiful young lady. Needless to say we are both very proud. The greatest advice we can bestow you as parents is to remember your Creator in the days of your youth; let this be your guide from now until that last chapter in your life. May God richly bless you.

The last 17 ½ years have passed so joyfully and quickly it is hard to believe you are ready for college. You have been and are a very special person and a son to be proud of.

and promise yourself on this new beginning
To be so strong that nothing can disturb your peace of mind.
To talk health, happiness, and prosperity to every person you meet.
To make all your friends feel that there is something good in them.
To look at the sunny side of everything and to make your optimism come true.
To think only of the best, to work only for the best, and to expect only the best.
To be just as enthusiastic about the success of others as you are about your own.
To forget the mistakes of the past and press on to the greater achievements of the future.
To wear a cheerful countenance at all times and give every living creature you meet a smile.
To give so much time to the improvement of yourself that you have no time to criticize others.
To be too large for worry, too noble for anger, too strong for fear and too happy to permit trouble.

Love,
Mom

Love and Congratulations

Dear "Q"

You have finished twelve years which were filled with many achievements, and some disappointments. You now have many special memories to carry with you. Can you ever forget school picnics, piano recitals, wheezing absence notes, 4th grade math, long division, Bible camps? Ski trips to Utah, the mile, election campaigns with happy faces and rainbows, bike-a-thons and finally discovering a "Kingdom of Midgets"?

This is really a beginning — not an ending — as you move on in your life and anticipate new joys, some sadness and many new experiences.

The foundation you have built with the help of friends and teachers at Orangewood will help you through your life in making important decisions and choices.

Suzanne, we are so proud of you, your successes and your courage. And we are both proud and blessed by your growth into a lovely, lovely lady.

Dear Rapsy,
 I'm glad I got to be your friend this year.
 You've been really nice to me and although
 you are kinda wierd (like wanting to pull leg hairs)
 I really enjoyed having your company. You
 have got a way of being nice to everyone, but
 you really bug me when you're always
 asking for my mit or base ball. By the way,
 Scott likes you but is too scared to ask you
 out. So next year you'll have to ask him. This
 is only my opinion from what Scott is always
 saying. Take care of yourself.
